Regardless of their abilities every student is supported to feel valued and empowered to thrive. To ensure that our commitment to equity, diversity, and inclusion is embedded in our school culture, Forest Oak School and Merstone School have developed comprehensive policies and practices. We prioritise accessibility by providing necessary accommodations and resources to support the diverse learning styles and needs of our students. Our facilities are designed to be inclusive, and we continuously strive to eliminate barriers to participation in all aspects of school life. By promoting a sense of belonging for everyone, we create an environment where students with special needs can thrive academically, socially, and emotionally. We encourage involvement and views of parents and other stakeholders to consistently reflect on our practice and develop equitable, diverse and inclusive practices within school and within our offer for supporting families at home and in the wider community. We believe that by embracing and celebrating the uniqueness of each individual, we not only enhance the educational experience for all our students but also contribute to building a more compassionate and understanding society.
