

Child Specific Assessment in Merstone EYFS

Home Visit Information completed

Child arrives at nursery/school and baseline is completed over the first 4 weeks on Merstone Learning Through Play

Child is plotted using EYFS assessment systems in the 7 learning domains.

A Play Plan is issued for pupils without an EHCP, or an IEP for those with an EHCP using information from baseline and play assessment.

After time a request for EHCP is made. A written report is submitted including EYFS assessment

EYFS assessment tracking systems are updated every half-term to inform child centred planning.

The Play Plan/IEP is evaluated and updated termly before being shared with families.

EHCP is issued or reviewed and a suitable placement is secured.

Information feeds to child's EYFS assessment summary which plots progress during the foundation stage and is used to inform baseline for KS1 transition.
